ASSEMBLY SPEAKER

SAM HAYES, radio newscaster and sports commentator, who is to speak at the assembly Tuesday in the First Congregational church at 11 o'clock.

Radio Newscaster Here Tuesday

Sam Hayes, noted newscaster and commentator will speak at the second Associated Student assembly, to be held in the First Congregational church next Tuesday at 11 o'clock.

He will talk on his experiences as a radio reporter and sportscaster, telling of notable interviews with celebrities and coaches.

MANY BROADCASTS

Mr. Hayes, who is in great demand as a speaker, has been on the radio giving broadcasts for the past six and one-half years. During this time he has given over 2000 broadcasts and worked in several motion pictures.

The radio commentator spoke at the journalism banquet last May.

CLASS SCHEDULE

Changes in class periods will be as follows: first, third, fourth, assembly, lunch. Afternoon classes will be held during regular hours.

Following the assembly program, Mr. Hayes will address the Santa Ana Rotary club at its regular Tuesday luncheon meeting.

● *Our Associated Student* PREXY'S MESSAGE

Well, well! Here it is time to write another message to the thundering herd. What I'd like to know is, have we or haven't we some Freshmen attending this school? Every day, several more Freshmen decide they have outgrown their beanies and the already sparse number of beanies seen becomes less.

What about it Sophomores? If you're afraid to speak to them personally at least get their names. Kangaroo Court is coming very soon now.

The first caravan of the year will leave tonight from the front of College hall at 6:30. Let's all plan to go up. Every one who has been in a J. C. caravan knows what they mean. If you have never had the experience, plan to come. It's really something.

Let's show Chaffey how to yell.

AL PICKHARDT

Caravan Moves On Chaffey

Trek To Start At 6 O'clock

City Police Will Lead Rooters To Game

Plans for a caravan to Ontario have been completed it was announced today by Al Pickhardt, Associated Student president who gave the meeting place as the front of College hall and the time as 6 o'clock tonight.

It was also revealed by Carl Aubrey, Associated Student treasurer, that the trek to Chaffey will inaugurate a series of out-of-town caravans under the escort of Santa Ana City police. He pointed out that the public is invited to join the Don rooters in their trips.

Pickhardt said that about 30 cars are expected to participate. He added, "Those needing or offering transportation to the game should sign up with any member of the Executive Board or in the student office."

Cars bearing the Don colors will assemble in front of College hall where they will be loaded with rooters attending the Don-Panther clash, Pickhardt stated. He added that the caravan will depart promptly at 6 o'clock.

Aubrey indicated that there is to be another caravan next week to San Bernardino.

Frosh Court Date To Be Set Soon

Freshmen, beware!

The date for the annual Kangaroo court will be announced next week, Fred Newcomb, head of the court committee, disclosed today.

"Kangaroo court this year will be the best ever put on here," Newcomb said. "We shall follow regular court procedure as closely as possible, with each offending freshmen receiving the punishment he deserves."

Al Pickhardt, Associated Student president, will preside over the court as judge. Other officers and jurymen are to be appointed next week.

Scribes Visit Plant This Morning

Local journalists were conducted on a tour of the Santa Ana sugar factory this morning as the first of a series of trips arranged to test their powers of observation. Each student making the tour was required to write a story on the processes used in the manufacture of sugar.

Arrangements for today's trip were made by Fred Shaw. The students left the campus at 10 o'clock, having been excused from classes for a two-hour period in order to make the trip.

Dahl Will Name Aides Monday

Of the six cameramen who have applied for positions as Del Ano photographers, three will be chosen next week, Milford Dahl, year book photograph editor, stated today.

"The reason I have not made the decision yet is because only two of these who applied had given me samples of their work," Dahl added.

Vote For Most Popular Frosh Co-ed Today; Ballot On Page 3

All students as well as the faculty are urged to vote today in El Don's primary election to discover the most popular Frosh co-ed on the campus. The official ballot is on page three of this issue.

Ballots will be accepted until 3 o'clock Tuesday, Oct. 12. Completed ballots should be deposited in the El Don mail box in the main hall of College hall building. All ballots must be signed.

Glenn Will Speak On Broadcast

Thomas H. Glenn will be the speaker on the KVOE program sponsored by the Associated Students next Thursday at 5 p. m., Dick Phillips, program chairman announced today. His subject will be, "Word Study in the English Language."

Last night's program was under the direction of Alan A. Revill. "Trio in G," an original composition by Cleo Allen Hibbs of Laguna Beach, was played by Jack Lighthart, cello; Edna Walker, piano; and Kenneth Akin, violin.

A second number, "Two Guitars" by Harry Horlicks, was presented by Charlotte Stafford, violinist.

803 Students Now Enrolled Here

Eight hundred and three students have enrolled at Santa Ana Junior college for the current semester, Registrar Mabel G. Whiting said today. This is an increase of 75 students registered to date over last year's total at the same time.

Order 250 Auto Reflectors

Expected To Arrive For Bernardino Game

Two-hundred fifty auto reflectors to be sold for 25 cents each have been ordered for Don supporters having cars, President Al Pickhardt told El Don today.

"The emblems will be about four inches in diameter, having an outer circle of white which encloses a Don sombrero with "Santa Ana J. C." at the top and "Dons" at the bottom," declared Pickhardt. He added that the reflectors will arrive in time for the San Bernardino-Don game at San Bernardino.

Other colleges which have experimented with this idea are Inglewood and Pasadena jaysee and U. C. L. A. and U. S. C.

The latter sold on an average of 250 every two weeks, Pickhardt stated.

Student Directory Head Is Named

Mary Knoche will serve as editor of the Student directory, it was announced today by John H. McCoy, adviser of the Press club which publishes the booklet.

Mr. McCoy stated the directory would be ready for distribution Nov. 15. Printing expenses are taken care of in the budget of the Associated Students, with the Press club donating its services by compiling and editing the guide.

Two assistants to aid in collecting data and typing the lists will be selected later by Miss Knoche.

As in the past, the Student Directory will contain the names, addresses, and telephone numbers of all college students and faculty. It is free to all Associated Students.

Sales of Associated Student Tickets Continue to Mount

Sale of Associated Student tickets mounted to 500 today with the announcement that 140 ducats had been purchased here during the past week.

Not only was the goal set by student officials reached, but sales surpassed last year's total by 275. More tickets had to be printed by the college Fine Arts Press to take care of the demand, Student Treasurer Carl Aubrey announced.

By last Wednesday, Aubrey revealed that all the tickets had been sold. He made the assurance that more would be in the business office where they can now be purchased at the $7 rate, or $7.50 on time.

Aubrey expects that at least 25 more ducats will be sold. This, he said, is a conservative estimate.

The sale increase is due to increased enrollment, and various other advantages gained from the books, Aubrey said. College activities, participation in extra-curricular activities, are the outstanding reasons, the treasurer reported.

Approximately 75 students have taken advantage of the time payments. Most of those who are paying on time are National Youth Administration students. Faculty members also have purchased tickets.

Only those holding Associated Student tickets are permitted to join service clubs, and to participate in extra-curricular activities, including sports, he said.

Rotogravure Section Back As Part Of El Don Today

Starting today, El Don again distributes the Collegiate Digest, rotogravure section, as a regular part of the paper.

The eight-page picture section will be a regular weekly feature of the student newspaper.

Pictures of college life, gathered from school and university campuses throughout the nation, will appear in the Digest.

Ten Students In Race for Class Posts Today

Polls Close At 3; Eliminate Finals

BULLETIN

At press time today, 14 had cast ballots for Freshman class officers, or approximately 4.6 per cent of the total number of Associated Students in the underclass group.

Ten freshmen are today seeking election to four offices of their class. Polls opened this morning at 8 o'clock, and are scheduled to close at 3 p. m., Chairman Helen Lowe disclosed.

Today's election for the underclassmen will be the only one to be held, finals having been eliminated. Those receiving the largest number of votes will hold office until February.

NOMINATIONS MADE

Nominations were made yesterday with the exception of three which were in Wednesday. At 3 o'clock Wednesday, there were but three nominations for the class completed: two secretarial candidates and a treasurer nominee.

Presidential candidates include Bill Twist, Richard Wright, and Harold Tucker. Wright and Tucker are Santa Ana Senior high school graduates, while Twist comes from Newport Harbor High school.

Twist is a member of the American Association of Engineers, Varsity S, and Bachelors clubs. He is

(Continued on page 3)

Don Debate Team Opens Season

Plans are nearing completion today for the first league debates to be held early in Dec. The first meeting is to be a league tournament, with all seven colleges in the Eastern conference competing.

The league question for this year is, "Resolved: That the National Labor Relations board should be empowered to enforce arbitration of all industrial disputes."

Members of the debate squad include Christine Burbank, Isamu Masuda, Ernest Barrett, James Bartlett, Dick Geeting, and Jack Hutton.

Office Secretary Warns Cutters

Miss Carol Erskine, office secretary revealed today that cuts from classes are allowed only for the number of units the course carries.

However, continued Miss Erskine, the cuts are to be used in emergencies only and not just to get a student out of class.

● *Notes Taken From the* BOARD MINUTES

Fred Newcom appointed to take charge of arrangements for Kangaroo court session.

Bud Knoff was put in charge of securing a special police escort for the caravan which travels to Chaffey this afternoon.

Helen Lowe appointed to take charge of the freshman election which is being held today.

Buccaneers announced that they are working on flashlight section and expect it to be ready within a week or so.

Board passed on the change in positions of Bud Knoff and Art Salisbury, who have traded offices.

The decision was made that no refunds will be made if student tickets are lost in any way. The loss will be met by the loser of the ticket not by the Associated Students.

Flint Tells of European Trip at YW Meeting

Meet at Home of Mrs. Tessmann

Speaking to 40 girls at the first YWCA meeting of the new year, Calvin C. Flint, dean of men, related a number of his experiences had on his trip this summer to Italy and Yugoslayia.

The meeting, held this week at the home of Mrs. John Tessmann, 309 E. 17th street, was preceded by a candle-light devotional service and a pot-luck supper.

Setting the date for the annual recognition service as Oct. 18, it was announced that no one may take part in the service except those having membership cards. It will be held in the Baptist church.

Concluding the meeting, Betty Neff led the group in community singing.

President Pauline Cave will be supported this year by the following cabinet: vice-president, Helen Lowe; secretary, Eleanor Brady; and treasurer, Norma Area.

Pep Leaders Choose New Sweaters

Jaysee yell leaders and song will appear in new cardinal sweaters at the Chaffey football game at Ontario tonight, stated Virginia Scott, song leader.

She also said that the pull-over style sweaters have cardinal red and black letters seven inches high.

Virginia Wilson and Virginia Scott, song leaders, both have the same style of black slacks such as the yell leaders Paul Wolven and William White wear.

The sweaters were given by jaysee. The college also presented the yell leaders with megaphones.

The Rome Prize competition in classical studies conducted by the American academy in Rome was won by a Yale and a University of Pennsylvania student.

Y W PRESIDENT

PAULINE CAVE, new president of YWCA has planned many interesting and varied programs for the coming year.

Art Club Gives Tea For New Students

New art students were welcomed and acquainted with members of Alpha Rho Tau yesterday afternoon at a tea given by the art club.

President Betty West acted as hostess. Assisting with arrangements were Charlotte McCausland, Fred Titensor, Joe Kobayashi, Walker Davis, and John Tullett.

Blue glassware against an ivory background served as table decorations with blue and pink asters completing the color scheme.

Revill Organizes String Quartet

A string quartet is being organized in conjunction with the jaysee concert orchestra, Alan A. Revill, music instructor revealed today.

Stringed instruments, flutes, woodwind instruments, and a French horn are needed by the orchestra in order to have a well balanced group, stated Mr. Revill.

Don Doings

Ledru Baker will spend the week-end visiting friends in San Francisco.

To celebrate her 19th birthday, Billie Johnson will stay at Laguna Beach with a friend Saturday and Sunday.

Miss Lella B. Watson camped at Big Bear over the week end as a member of the Peter Pan club.

Jack Hutton and Vernon Rickard, attended a meeting of the International Relations clubs at Occidental college recently.

Louis Markel, checked out of college last week to join the crew of the M. S. Stranger. Captain Lewis, owner of the boat is planning a cruise to Hawaii, stated Markel today.

Gloria Kirchner and Mary Knoche will tour to Los Angeles Sunday afternoon to hear the broadcast, "Thirty Minutes in Hollywood," with George Jessel, Norma Talmadge, and the music of Tommy Tucker.

Delbert Tucker and Otto Heber have tentative plans to fly to Palm Springs over the week-end.

Saturday Elden Richards will go to San Francisco and Berkeley, where he plans to visit some former Dons at the university.

Jaysee Jargon

CLASSTIME CAPERS—

At the beginning of one of his classes this week, Mr. Holmes took two or three minutes to extend an invitation to all new students to attend the faculty reception. Commenting on the occasion he remarked, "The reception used to be more formal, but now there's less hand shaking and more foot shaking." . . . In the astronomy class certain pupils are often embarrassed by confusing "microscope" with "telescope" . . . Mr. Beeman was told by various members of his 8 o'clock political science class that the Constitution is 770 years old.

LEND THINE EAR TO—

That sublime bit of history rewritten by the combined efforts of Herschel Albrecht and Bruce Buell . . . Betty Neff and Mildred Goodwin indulging in some close harmony . . . Warren Kennedy's line . . . Muriel Snyder chatter, once she gets going . . . Bob Warren spieling off the various planks in the Republican platform. . .

BRIGHT SPOTS

Kenny Oliphant's blinding "yaller" sweater . . . Ethel Chaffee's knock-your-eyes-out red skirt . . . Irene Krisher's halo-like hair . . . Bob Fowler's loud plaid pants. . . . Candy-striped sox here, there and everywhere. . .

TEACHES AT SCRIPPS

MRS. THOMAS H. GLENN, wife of the English instrutcor here, is now teaching at Scripps college at Pomona where she has charge of four classes, two in elementary French and German and two in the survey of French civilization.

Soph-Frosh Dance Set For Oct. 20

Newly elected officers of the Sophomore class started work Wednesday on plans for the annual Soph-Frosh dance which is to be held Saturday, Oct. 20, according to Caroline Davis, secretary. The matter of location, which is a yet undecided factor, will be considered at the meeting Wednesday.

Full details concerning the dance will be announced as soon as plans are completed.

Las Gitanas rush party

Faculty Party Well Attended

Approximately 200 freshmen were received by the faculty last Tuesday night at their annual reception held this year in the Legion Hall. Lee Mann and his Sunny Californians furnished the dance music with the jaysee girls' trio composed of Evelyn Richards, Jo Keeler, and Marjorie Wonder accompanying.

To begin the evening, all freshmen who asked a member of the faculty to dance received as their reward a box or jar of candy. With their respective names pinned on them, freshmen introductions were simplified.

"The hit of the evening," stated Calvin C. Flint, "was a Posin' dance." When the music stopped all couples exchanged partners with the couple nearest them until practically everyone had danced with everyone else.

Committees for the affair were: decorations, Miss Lillian L. Dickson; punch, Miss Agness Todd Miller; and general chairman, Mr. Flint.

In an effort to restore the honor system, jeopardized by the recent discovery of wholesale cheating, University of South Carolina students have signed an honor pledge.

Out-Of-State Registration Shows Increase

Pupils From 27 States Swells Total to 113

Registrar Mabel G. Whiting today announced that 113 of the college's 802 students are out-of-state people who have registered here for the current semester.

"This is a gain of 50 pupils over last year's total of 63, or a 79.2 per cent increase," Miss Whiting stated. "Out-of-state pupils constitute 14.08 per cent of the entire enrollment," she concluded

TWENTY-SEVEN STATES

There are 27 states represented in the college. This is an increase of 4 over last year's mark of 23. Aside from those from out of the state, there are 62 out-of-the-country students registered in jaysee this year, Miss Whiting revealed.

The greater portion of those enrolled have done so because relatives live nearby, or due to the reputation given the junior college by other out-of-state students, the registrar declared.

IDAHO LEADS

With a total of 15, Idaho has the greatest number of students registered here, while Colorado has 11. Texas and Nebraska both claim 9 each, figures show.

Chester Del George is the only students in college who has come from another country. George was a resident of Italy. Another student, Robert King, has returned to jaysee from the Panama Canal Zone.

Urge Attendance At Forum Lectures

Local students and faculty members were today invited to attend the series of forum lectures being conducted at Santa Ana Senior high school each Monday evening by Dr. John Brown Mason of the social science department. The meetings are held at 7:30 p. m. in the Little Theater.

Offered under the direction of the adult education department of the Santa Ana schools, the series of discussions are on the general topic, "Danger Spots in World Affairs." The lectures will continue for the next three weeks, it was stated.

Posters Exhibited In College Hall

Advertising posters are being exhibited on the bulletin boards in the main hall of College hall under the supervision of Joe Kobayashi and Walker Davis.

This work is at present being done by the lettering class. However, during the latter part of the year it will be done by the commercial designing class, Miss Frances Egge of the department, disclosed.

Engineers Will Hear Speaker

Members of the jaysee chapter of the American Association of Engineers will hold their next meeting Wednesday, Oct. 20, in C8, John McBride, club president, announced today.

Called for 7:30 a.m., the morning gathering will feature Samuel Hobb, district manager of the Portland Cement association, as guest speaker. Mr. Hobb is expected to illustrate his address on the manufacture of cement with motion pictures.

Other business at the meeting will be the acceptance of new members.

Officers of the Engineering club for this semester include: McBride, president; John Matthews, vice-president; Fred Dierker, secretary; Dave Phoenix, treasurer; Kenneth Marshall, publicity manager.

Fraternity Leader To Visit Scribes

John Smith, one of the national officers of the Beta Phi Gamma, has been invited to meet with the jaysee journalism students some time this month, it was revealed today.

During the conference with Mr. Smith, students will discuss plans for establishing a local chapter of the national organization, and decide upon a date for their first meeting.

Officers will be elected at the initial meeting.

Ten Students in Race For Class Posts

(Continued from page 1)

also on the football squad.

Both Wright and Tucker graduated last June. Tucker was vice-president of the high school student body, and was active in other student activities.

OTHER NOMINEES

Don Struck, Orange High school graduate; Edwin Cox of Tustin; and Ernest Barrett, former Santa Ana Senior High school student, are in the race for vice-president.

Secretarial candidates are Josephine Butler and Peggy Paxton. Both are graduates of Santa Ana Senior High school. Lloyd Barnes, who attended high school in Stratford, Conn., and Barbara Speed, who graduated from the local high school, are competing for the treasurer's post.

URGED TO VOTE

All freshmen were urged by student officials to vote for their favorite candidates. Only Associated Student ticket holders, however, may cast ballots, it was announced.

FORMER OFFICERS

The newly elected officers will replace Dick Phillips as president; Bill Semnacher, vice-president; Marian Baxter, secretary; and John McBride, treasurer.

In an election held recently, the sophomore class named Bill Semnacher, president; Jack Gardner, vice-president; Carolyn Davis, secretary; and Roy Potter, treasurer.

Many Adult Education Courses Offered Local Citizens

Instruction in fencing, lip reading, landscape designing, and police method is being included in a schedule which opened Sept. 27 in the adult education department of the Santa Ana city schools. The department, under the supervision of Mrs. Golden Weston, is open to all Orange county citizens, as well as students who desire extra credits.

Working in direct cooperation with the city schools, the adult education division has given 54 diplomas signifying high school graduation during the past five years. Last year, approximately 40 teachers in the department taught over 6,000 students. Courses ranged in scope from architectural drawing and art crafts, to typing and United States history.

Two courses are now being offered as part of a special series held in Willard auditorium. One, modern costume designing, is under Mrs. Louise P. Sooey, associate professor of fine arts at U. C. L. A. This course began Sept. 30 and will continue, with classes held once each week, through October. The other class, social psychology, is to be taught by Dr. Frank C. Davis, psychology instructor at U. C. L. A. and is scheduled to begin Nov. 4, with additional meetings scheduled for Nov. 18, Dec. 2 and Dec. 9.

All adult education classes meet in the evening at either of the two junior high schools, the Senior high school, the Y. M. C. A. or in the Council chambers of the city hall.

J. C. To Attend School Meet

Santa Ana Junior college will collaborate with the University of Arizona in preparing a round table discussion for the International Relations clubs' regional conference. The meet will be held at the University of Redlands, Nov. 5 and 6, Jack Hutton, one of the local delegates, who attended a meeting of the organization at Occidental college last week, announced today.

The topic to be presented by the two colleges is: "What Economic Adjustments are Necessary for Peace?"

The University of Arizona will furnish the chairman and a 10-minute paper on the subject, to be read by one of their students. The junior college will supply the recording secretary, to be named later, and L. L. Beeman, head of the social science department, will act as faculty adviser.

Tavern Post Out In December

December was agreed upon by the Tavern Tattlers for the publication date of this semester's Tavern Post. The magazine, consisting of all student material, is sponsored by the Tavern Tattlers club.

The staff for this semester is not complete as yet, but will be announced next week, T. H. Glenn, the post's advisor, declared today.

DONS PLAY CHAFFEY IN FIRST LEAGUE GAME

Will Inaugurate Flashlight Section at Glendale Game

Fans will be able to see the new jaysee flashlight section for the first time at the next home game, which will be with Glendale jaysee, Oct. 22, it was revealed today by Warren Kennedy, chairman of the flashlight committee.

NEED 200 FOR SECTION

Lawrence Trickey, who is assisting Kennedy, indicated that the box-like reflectors for the electric torches are nearing completion and that colored cellophane slides will be used for colored lighting effects when the exhibition takes place between halves. He also stated that about 50 "flashlighters" have signed up to date.

Adding that "there must be at least 200 to fill the section," Trickey urged all those having flashlights to sign up immediately at the Associated Student office in College hall.

CLUBS COOPERATING

If the new light section is a success, it should be an added drawing card for all home games, Trickey added.

The men's service clubs, who are behind the flashlight movement, are cooperating in every possible way to make it "click," he concluded.

Badminton Club Meets Tonight

Members of the Badminton club extend an invitation to the students of Santa Ana Junior college to attend the meeting tonight at 7:30 in the Y.M.C.A.

The meeting is open to men and women, and competition is furnished for both sexes, Ralph C. Smedley, secretary of the Y.M.C.A., pointed out.

The purpose of the club is to stimulate interest in the sport, therefore there will be no admission charged, Smedley added.

PITCHES TODAY

COURTESY THE REGISTER

MONTE PEARSON, Yankee slab star, who will take the mound today for the American league team in an effort to chalk up the third straight victory over the Giants.

Giants In Last Stand Today

With their backs to the wall, the New York Giants will send "Prince Hal" Schumacher to the hill today in an effort to stop the Yanks mad drive. Opposing Schumacher will be Monte Pearson, right-handed hurler for the "Ruppert riflemen."

Bill Terry hopes to silence the bats of such stars as DiMaggio, Lazzeri, Dickey, and Gehrig, who have been very effective against southpaws, by having a starboard pitcher take the mound.

Losing both games by 8-1 scores, the Giants may climb back in the scramble if Mancuso, McCarthy, Ott and the rest start hitting the pellet, and if their hurlers can keep the Yanks from batting them out of the box.

If the Yankees win today, Joe McCarthy will probably pitch "Bump" Hadley or "Fordham Johnny" Murphy, relief sensation, tomorrow. The Giants, therefore, will have to make a last stand with "King Carl" Hubbell, who was forced to abdicate in the first tilt, going back for the second time.

VOX POPOFFS

"Football makes addled-brained stumble-backs of its players. After careful study, I have come to the conclusion that you don't have to be a half-wit to be a half-back, but if you are a half-back long enough you will be." Frank Scully, who attributes his invalidism to the drubbing he took in school competition, in the Liberty magazine.

Funny, we always had the idea football was a body and character builder!

"Consciously or otherwise, three of Santa Ana jaysee's 1937 Eastern conference opponents are not playing the week before they tackle Bill Cook's Dons. Chaffey was deliberately idle last week. San Bernardino has a bye this week. The Braves take on Santa Ana next week. Fullerton is knocking off work Nov. 19, the Saturday before the 'Little Big Game' with the Dons." Eddie West in the Register.

Santa Ana has a full schedule from now till Thanksgiving day. No byes for Bill's boys!

"Most memorable of the Don-Panther titanics dates back to 1933 at Ontario, where Chaffey held a 6-0 advantage at half time. Bill Cook was stricken with appendicitis, rushed to an Upland hospital, and it was Bill Cole, Tustin coach and Cook's friend, who came to the rescue. He fired them with a pep talk, and with good old Harold Welty leading the attack, the Dons came back and marched to a touchdown. Welty converted and the Dons held the 7-6 lead for the final two quarters." Paul Wright in the Journal.

We've always heard "Cole" makes good fire!

Seven Conference Teams Await Gun

Continuing their 1937 win streak, San Bernardino's Indians last week decisively trounced Long Beach jaysee, 28-0. The Braves draw a blank tonight.

Little Citrus, with but 22 men on its roster, held the strong Los Angeles jaysee eleven to two touchdowns, losing 13-0. The Owls travel to Pomona tonight in their first league encounter. The Red-Raiders wound up on the long side of a 12-6 score against Pasadena last week.

Fullerton, idle last week, tackles the mighty Bengals from Riverside.

Santa Ana After Fourteenth Straight Victory Tonight

By EDWIN COX

Up to Ontario, the lair of the Chaffey Panther, goes Coach Bill Cook and his Don football squad tonight to open defense of their Southern California pigskin crown. This is the first conference game of the 1937 grid season for the two teams.

FIELD GENERAL

MAC BEALL, Don fullback, who sparked the Santa Ana eleven to a 32-0 win over Santa Monica jaysee last week, is one of the mainstays in the powerful red and black machine.

Chaffey, with 11 lettermen on this year's squad, has the strongest team that Coach Bert Heiser has ever produced in the Ontario Junior college.

SAME LINE-UP STARTS

Santa Ana, on the other hand, with 13 consecutive victories to its credit, can point to successive wins over Pasadena, Stanford frosh, and Santa Monica as evidence of power.

Coach Cook indicated today he would start the same line-up that began last week's Santa Monica game. That was Ted DeVelbiss and Co-captain Erwin Youel at ends, Bob Faul and "Rusty" Roquet at the tackles, Joe Crawford and Dick Tauber, guards, and Danny Boyd at center to form the line, and the backfield combination of Blas Mercurio at quarter, Co-captain Ed Stanley and Charles Mueller at halves, and Mac Beall at full.

PANTHER LINE STRONG

Chaffey has two ball-carrying backs of exceptional ability in "Red" Studler and Clyde Ovitt. The rest of its team strength lies in the line, where Lou Yanks and Champ Thompson at tackle are the bulwarks. Yanks may not be able to play the whole game because of injuries.

Santa Ana will have an advantage in weight of 10 pounds in the line, but the backs will average about even with the Panther's tailmen.

INITIATE NEW BOWL

Due to see early action in tonight's game for the Dons are Oliver McCarter, Les McLennen, Carl Lenhardt, Dick Saunders, and Larry Timken in the backfield, and Elmer Casey, Pancho Forster, John Joseph, Carroll Joy, Maxie Moore, Gil Nehrig and Don Struck, linemen.

The game will be the first Eastern conference contest to be played in the new Chaffey stadium, located on North Euclid avenue, two miles north of Ontario. Santa Ana fans will sit on the south side of the stadium.

Plan Girls' Play Day Here Soon

All junior colleges in Southern California have been invited to the convention of Associated Women students and Women's Athletic associations to be held in Glendale the last of this month, Miss Zena Leck, girls' athletic director, announced today.

While attending the conclave, Santa Ana will extend a special invitation to Fullerton, Compton, and Long Beach jaysees for a play day to be held here the first part of November.

Representing Santa Ana at the meeting will be Mrs. Eleanor Northcross, dean of women; Ann Wetherall, A. W. S. president; Helen Lowe, president of W.A.A.; Miss Leck, and an elective from the A.W.S.

Corsairs Defeated By Padres, 32-0

Smashing out a 32-0 victory over Santa Monica at the Municipal bowl last Friday night, Santa Ana jaysee's powerful football squad chalked up its 13th consecutive victory.

The first touchdown climaxed an 85 yard sustained drive when Mac Beall, starting fullback, passed four yards to Blas Mercurio on last down. Carroll Joy, Co-Captain Ed Stanley, Beall, and Les McLennan also registered to completely smother the Corsair eleven.

Beall was the only casualty of the contest, receiving cuts over both eyes. However, he will be in suit and ready to go against Chaffey tonight.

BLOCKING HALF

CO-CAPT. ED STANLEY is the jack of all trades of the Don backfield. He performs at right or outside halfback post. In addition to blocking well he lead the Don attack against Santa Monica last week with a catch of a touchdown pass from Mac Beall. He also is used on reverses.

Take a Tip From Us!

Put all you've got on the Dons tonight.

It's a Safe Bet . . .

They'll defeat Chaffey and come through with flying colors.

THERE'S NO EXCUSE . . .

for the number of "beaniless beans" of Freshmen on the local campus. Apparently the offenders feel it's their duty to upset the tradition which has been carried out so completely by former classes here.

True, college tradition often appears foolish but it does have its good points. Principally it adds pleasure, interest, and variety to the usual hum-drum life of any college.

If for no other reason, Frosh should wear their beanies for the sheer joy of it. No one, you'll agree, ever suffered pain or agony from wearing a small cap on his head. We honestly believe that a good beating on the reckoning day (Kangaroo court) would do the Frosh individualist more good than harm (if any).

After all, we're only here for a few months. Let's make the most of them. Enter into the thing that is accepted by the general run of students and you'll prosper within yourself.

WE'RE OUT TO WIN . . .

over Chaffey at Ontario tonight, but in the event that we shouldn't, don't come home with a disgruntled look and a soured attitude toward the team and coaches.

After all, collegians, football here is a sport, not a profession. In all sports someone wins, someone loses.

Some students seem to be of the opinion that the Dons must beat Chaffey in order to insure a successful season here this year. Don't you believe it! The success of most any game depends very definitely upon what all of us have termed "breaks." As in the past, the Dons should get a goodly share of them tonight.

The team will give its "all" on the field. If the most "breaks" come our way and we in turn give our "all" in return in the form of moral support, there's no reason at all why our victory flag shouldn't continue to wave in the breeze.

LOOK OUT DONS . . .

Warning to the city and school sport scribes of Santa Ana. Deflate your chests and go into strict solitude. Your position as kingpin of Eastern Conference grids is about to be seriously challenged. Santa Ana beats Pasadena 12-6. San Bernardino takes the same team 20-6. Riverside beats Los Angeles Jaysee's best team in years 8-0. Compton is hard pressed to take Chaffey 7-0. Riverside given a chance for the championship along with the Dons is taken into camp by Compton 18-0. So El Don just watch yourself when you tangle with the Riverside Bengals, the Chaffey Panthers, and the San Berdoo Braves. This above combination of tripled dynamite is gunning for the chance to dominate the conference—they're loaded.—Fullerton Junior College Weekly Torch.

But It's True - - - - - - - - !

February 30 may occur in leap years under these conditions: Eastbound ships crossing the 180 degree line in the Pacific on February 29 of a leap year enter the official date for the next day as Feb. 30. If they reached the line on any other day in the year they would enter the next day as the duplicate of the date just passed. Hence there would be two January 24s, two July 15s, etc. The "February 30" entry has just become a habit. Consider the possibilities of being born on a ship as it crossed the 180-degree line under the conditions described.

● *Explorer Sees America Again After 445 Years*

COLUMBUS VISITS NEW YORK

Can you picture the discovery of America occurring in 1937? What would Chris Columbus think of our land of neon signs and jam sessions if he were to return on the 445th anniversary of his discovery Tuesday? How would he react to the World Series or football? Let's take a look behind the scenes of history and bring Mr. Columbus up to date.

We find the navigator coming into New York Harbor. His three old ships are still in their old formation. However, the garbage scows and coal barges hold no respect for America's discoverer as they bawl curses and blast out with their whistles at the trio of vessels. Fifteen minutes later, every paper in town had the story. Half an hour later, half of New York was at the harbor, shoving and straining to get a glimpse of the men who dared to say that the earth was round.

Afraid, yet awed by the spires of Empire State and Radio City, Columbus and his little band were swept up Broadway under a shower of ticker tape and confetti. Later, he was settled in a swanky hotel with the National Museum footing the bill.

Soon he told of his hectic experiences with Isabella, the "ruler of Spain." He added that the crossing was very rough.

Next, he attended the world series. Spectators were amazed at his ability in urging that mayhem be committed with regard to the umpire. While witnessing a football game in Yankee Stadium, he commented on Spanish and American sports. "Tossing the pigskin around here is similar to our national pastime, except that we sling the **bull** over in Spain."

A week later, Chris excused himself from the presence of the mayor to make out his monthly report to Isabella, sent collect. Here are the major items:

"Dear Queen:—Found promised land stop Is not India, yet has Indians who sell blankets and oil wells in Oklahoma stop Everyone on WPA stop Discovered new sport called 'Harlem Golf' stop Will come home soon on the **Normandie** stop Lost the **Santa Maria** in a crap game stop Am bound for Hollywood to make a picture stop Give regards to cousin Franco stop Adios old noodle.

CONDUCT CLASSES IN FRENCH

School in a chateau, sports conducted in German, and three week vacations! That is how Betty Hammond, daughter of D. K. Hammond and former jaysee student is spending her college life in Switzerland.

The location of this college, which is only 14 miles from Geneva, makes it possible for the students to use the League of Nations library, and to attend sessions of the league.

Miss Hammond started attending classes Oct. 5. She is majoring in a social science course called Contemporary Civilization. Classes are conducted in both French and English, and the credits are interchangeable with those of Mt. Holyoke college.

Sports consist mainly of skiing and ice-skating. The popularity of these sports in that section of the country is probably the reason for their being conducted in German.

Christmas and Easter vacations are each three weeks long. At this time, the forty students and the eight instructors take trips to principal European cities, such as Berlin and Rome, to visit art galleries, museums, and other places of historical interest.

THOUGHTLESS BEHAVIOR

The following letter is self-explanatory. If those of whom the writer speaks would remember that "when in high school do as the 'high schoolers' do," harmony should prevail and all benefit thereby.—THE EDITOR

SANTA ANA, Oct. 7. (To the Editor of El Don:)—I have found out through a very reliable source (none other than the vice-principal of the Santa Ana Senior high school) that J. C. students seeking to enroll in high school classes have not been conducting themselves in a maner which would uphold the high standards of conduct which prevail at J. C. (or do they?)

The trouble lies in the fact that students do not appreciate or understand the complexity of high school routine and are being very thoughtless in such matters.

Some have enrolled in a course and then without any notice whatever have dropped it or else they have not attended it with regularity. This was the barrier I had to overcome in order to enroll.

I assured the vice-principal that I would do my level best to comply with all high school regulations, and I urge you, Mr. Editor, to do something about informing such students, or others intending to attend the high school, of the situation as it stands.

STUDENT "X"

● *Constitution Has Birthday*

CELEBRATION PLANNED

One hundred and fifty years have elapsed since a constitution was framed for a new nation, America. Although it pleased no one when it came from the convention, this constitution has outlasted any other document as a system of democratic government.

It did not spring from an inspiration perfectly formed. It was written by human beings as a result of spirited wrangling, fights for state rights, debates, and compromises.

CHANGES MADE

Nor did its original form embody all the principles which are now associated with it. Amendments and changes have been made to meet the needs and problems of a growing nation.

Prosperity was evident by the time the new constitution was put into force. The people were pleased and prosperous and there gradually grew up "the worship of the constitution." This "worship" has continued until today it borders upon the fanatical.

DOCUMENT USED BY ALL

Proving the extreme importance of the document in our life today, we find that a great part of the news in our newspapers is based on problems arising from the constitution. Constant reference is made to it by statesmen, lawyers, politicians, and the laymen when he finds himself arguing about something that has to do with government.

In order to celebrate the 150th anniversary of the signing of this paper, President Roosevelt has declared a two year holiday lasting until April 30, 1939. During this time, speeches and programs will be given that will be highly educational to the patriotic citizen.

Prayers of thanks will be breathed for our constitution — America's priceless heritage!

● *Exhibit Little America Stamp*

SHOW CLIPPER LETTER

When the Graf Zeppelin made its first flight to America in 1929, it carried a letter to Dr. John Brown Mason. The China Clipper on it's intial hop across the Pacific bore a missive to Robert Fowler. From Little America during the second Byrd Expedition in 1935, Fowler received another cover.

These envelopes and their special stamps are on display in the library today for the last time. Also exhibited are several complete collections of United States Commemorative stamps belonging to Miss Maniel Anderson.

EXPLAINS COVER

A cover is a letter bearing a stamp design used for the first time. The collector sends a self-addressed envelope with the proper remittance to the postmaster when the new stamps are being issued. The letter comes back to him with the new stamp and a special first day cancellation mark. It was in this way Fowler received his covers. Dr. Mason got his from a friend in Germany.

Have you ever wondered why the design of the United States stamp changes so frequently. It is not the whim of the post department, but a business enterprise. The collectors buy the stamps for their albums and the government makes a profit. If the collector is lucky, the price of his stamp increases and he makes a profit also. Miss Anderson specializes in these collections.

STAMPS ARE BUSINESS

Stamps aren't merely something to stick on anenvelope. They are an exciting profitable business.
